In the absence of the Mayor, the acting CEO will call the meeting to order. Council must appoint a Councillor as acting Mayor, Local Government Act 1989, section 73(3).

Section 6(6) of the Hindmarsh Meeting Procedure and Common Seal Local Law, Law No 1 of 2014, provides that if the Mayor is unable to attend a Council meeting for any reason: (a) any Deputy Mayor will be acting Chair.

RECOMMENDATION

That Council appoint Cr as acting Mayor.

**2. ACKNOWLEDGEMENT OF THE INDIGENOUS COMMUNITY
AND OPENING PRAYER**

Acknowledgement of the Indigenous Community

We acknowledge the Shire's Indigenous community as the first owners of this country. We recognise the important ongoing role that indigenous people have in our community and pay our respects to their elders and people both living and past.

Opening Prayer

*Dear Lord,
We humbly request your blessing upon this Council and welcome your guiding presence among us.*

May our decisions be taken wisely and in good faith, to your glory and the true welfare of the citizens of the Hindmarsh Shire.

3. APOLOGIES

An apology was received from Cr D. Nelson (Mayor).

11. PLANNING PERMITS

11.1 APPLICATION FOR PLANNING PERMIT 1555-17

Responsible Officer: Director Infrastructure Services
File: Planning – Applications – 1555-17
Assessment: N/A
Attachment: 3

Applicant: Kiata Wind Farm Pty Ltd
Owner: Various titles
Subject Land: Various Titles - Janetski's Road / Salisbury South Road, Kiata
Proposal: Native vegetation removal
Zoning & Overlays: Farming Zone (FZ)
Attachments: Application documents

Summary:

The planning application seeks approval for the removal of native vegetation. The application is associated with the Kiata Wind Farm project. This project was approved by Planning Permit PA1500023 issued by the Minister for Planning (DELWP). Council considered the application at its meeting of 22 March 2016 where it was decided to support the application subject to the inclusion of permit conditions. These conditions primarily related to road improvements and other engineering considerations. The Council decision was preceded by extensive consultation with the permit applicant.

As part of the wind farm planning application a range of environmental issues were considered including the removal of native vegetation. There are various conditions (numbers 56 - 60) of Planning Permit PA1500023 that relate to native vegetation removal and associated offsets.

The wind farm project is now under construction. During the detailed design process it was found that additional native vegetation removal would be required. This came about due to requirements to improve sight lines for the maintenance roads. The extent of additional vegetation clearance is confined to two small areas of 30m² and 178m². The permit holder in consultation with DELWP and Council decided that it would be quicker if this request was dealt with as a separate planning application rather than seek an amendment to the existing DELWP planning permit.

A detailed native vegetation assessment has been submitted with the application. This report considers the vegetation to be removed and appropriate off-sets. The information has been referred to DELWP for comment. DELWP have requested permit conditions, these are included in the recommendation. The conditions in format and application are similar to those included in the 'parent' permit which allows the wind farm development.

Approval of the application will allow for safe sight lines from the maintenance roads. The extent of native vegetation clearance is modest and is unavoidable given the need to provide safe driving conditions.

The Hindmarsh Planning Scheme encourages investment in energy facilities, the proposal is allied with this outcome. The planning scheme also encourages appropriate consideration of native vegetation issues. These objectives have been satisfied.

Notification & Referral of Application:

Pursuant to Sections 52 and 55 of the Planning and Environment Act 1987 (the Act), notice of the application must be given to the community and referred to stipulated authorities.

Community:

Pursuant to Section 52 of the Act, Council is required to give notice of this application to any person it considers the grant of the permit may cause material detriment. Notice of this application was not required due to the exemption provided for by Clause 43.01-3.

Authorities:

Pursuant to Section 52 of the Act, notice of this application was not required.

Pursuant to Section 55 of the Act, referral of this application was sent to DELWP. A response has been included which includes recommended permit conditions. The figures in the recommended permit conditions have been updated to reflect an amendment to the permit application. These changes are considered minor and relate to increasing the offset requirements. DELWP have been consulted on these changes.

Strategic, Statutory and Procedural Requirements:

The proposal is consistent with the State Planning Policy Framework and the Local Planning Policy Framework, including the Municipal Strategic Statement and local planning policies.

Report to Council:

The Town Planner advises that all obligations of Council (strategic, statutory and procedural) have been addressed and discharged in this planning application.

Processing Times:

The application was received on 24 April 2017. The application was referred to DELWP. The report is being presented to the Special Planning Committee meeting of 21 June 2017. The statutory processing time requirements of the Planning and Environment Act 1987 have been satisfied.

Conflict of Interest:

Under section 80c of the Local Government Act 1989 officers providing advice to Council must disclose any interests, including the type of interest.

Officer Responsible – Adrian Gasperoni, Director Infrastructure Services

In providing this advice as the Officer Responsible, I have no disclosable interests in this report.

Author – Peter Jewell, Town Planner

In providing this advice as the Author, I have no disclosable interests in this report.

RECOMMENDATION:

That Council approves Planning Application 1555-17 allowing native vegetation removal at Janetski's Road and Salisbury South Road, Kiata (22 Wimmera Street, Dimboola). The Planning Permit shall be issued with the following conditions:

1. Notification of permit conditions:

Before works start, the permit holder must advise all persons undertaking the vegetation removal or works on site of all relevant permit conditions and associated statutory requirements or approvals.

2. Protection of vegetation to be retained:

Before works start, a plan to the satisfaction of the responsible authority identifying all native vegetation to be retained and describing the measures to be used to protect the identified vegetation during construction, must be prepared and submitted to and approved by the responsible authority. When approved, the plan will be endorsed and will form part of this permit. All works constructed or carried out must be in accordance with the endorsed plan.

3. Offset requirement:

To offset the removal of native vegetation, including 0.218 hectares of remnant patches, in accordance with the Permitted clearing of native vegetation - Biodiversity assessment guidelines (DEPI 2013) and Native Vegetation gain scoring manual (DEPI) as specified below:

3.1.1. General offset satisfaction:

A general offset of 0.055 general biodiversity equivalence units with the following attributes:

- be located within the Wimmera Catchment Management Authority boundary or Hindmarsh Shire Council municipal area; and**
- have a strategic biodiversity score of at least 0.629**

3.2 Offset evidence and timing:

Before and native vegetation is removed, evidence that the required offset for the project has been secured must be provided to the satisfaction of the responsible authority. The offset evidence can be:

- a security agreement signed by both parties, to the required standard, for the offset site or sites, including a 10 year offset management plan; and/or**
- an allocated credit extract form the Native Vegetation Credit Register.**

A copy of the offset evidence will be endorsed by the responsible authority and form part of this permit.

3.3. Monitoring and reporting on onsite offset implementation:

Annual monitoring and reporting is required for offsets not secured on the Native Vegetation Credit Register. If a security agreement is entered into, the applicant must provide the annual offset site condition report to the responsible authority by the anniversary date of the execution of the offset security agreement, for period

of ten consecutive years. After the tenth year, the landowner must provide a report at the reasonable request of the statutory authority.

4. Offsets in Bushfire Management Overlay (BMO) areas:

Unless otherwise agreed in writing by the Country Fire Authority and the Department of Environment, Land, Water and Planning (DELWP), offsets must not be located within 150 metre BMO assessment area in accordance with the Planning for Bushfire Victoria, Guidelines for Meeting Victoria's Bushfire Planning Requirements (CFA 2012).

5. The time for commencement of the development is within two years from the date of issue of the permit and the development works are to be completed within two years of the commencement of the permit. An extension of time for the permit can be sought for the permit.

11.2 APPLICATION FOR PLANNING PERMIT 1559-17

Responsible Officer:	Director Infrastructure Services
File:	Planning – Applications – 1559-17
Assessment:	030740
Attachment:	4
Applicant:	Robin Barber
Owner:	Phillip Colquhoun
Subject Land:	Lot 2, PS 421117F (22 Wimmera Street, Dimboola)
Proposal:	Alterations to a building
Zoning & Overlays:	Commercial 1 Zone (C1Z) Environmental Significance Overlay – Schedule 6 (ESO6) Heritage Overlay – Schedule 34 (HO34)
Attachments:	Application documents

Summary:

The subject site is located on the south side of Wimmera Street approximately 20m east of Lloyd Street. The site is developed with a hardware store which comprises several different buildings. The different buildings have various design styles. The ground floor has various display windows. The buildings have verandahs extend partly across the property frontage. They provide excellent weather protection.

The property is located on the periphery of the core retail area of Dimboola. This area is covered by Heritage Overlay – Schedule 34 which relates to central Dimboola. The immediate streetscape adjacent the subject site exhibits a range of building styles. The corner block is vacant.

The verandah on part of the site is proposed to be replaced. In this section the rafters are in poor condition as is the verandah roof. It is also proposed to replace this section of verandah and also extend the length of the verandah by approximately 2.7m to cover a previously exposed area of footpath. The verandah style and materials will be similar to the verandah that is located immediately to the east.

Under the Heritage Overlay a planning permit is required for any external building modifications. The Heritage Overlay seeks to protect against inappropriate development and protect contributing heritage fabric from demolition. The heritage value of the Dimboola main commercial area comprises many elements. These include the integrity of buildings, the shopfronts, streetscape values and the prominence of verandahs.

Approval of the application will allow for an enlarged verandah that will contribute in a positive manner to the amenity of the town centre.

The Hindmarsh Planning Scheme encourages investment in town centres and sensitive redevelopment within heritage places. The proposal is consistent with these objectives.

Notification & Referral of Application:

Pursuant to Sections 52 and 55 of the Planning and Environment Act 1987 (the Act), notice of the application must be given to the community and referred to stipulated authorities.

Pursuant to Section 52 of the Act, Council is required to give notice of this application to any person it considers the grant of the permit may cause material detriment. Notice of this application was not required due to the exemption provided for by Clause 43.01-3.

Authorities:

Pursuant to Section 52 of the Act, notice of this application was not required.

Pursuant to Section 55 of the Act, referral of this application was not required.

Strategic, Statutory and Procedural Requirements:

The proposal is consistent with the State Planning Policy Framework and the Local Planning Policy Framework, including the Municipal Strategic Statement and local planning policies.

Report to Council:

The Town Planner advises that all obligations of Council (strategic, statutory and procedural) have been addressed and discharged in this planning application.

Processing Times:

The application was received on 30 May 2017. The report is being presented to the Special Planning Committee meeting of 21 June 2017. The statutory processing time requirements of the Planning and Environment Act 1987 have been satisfied.

Conflict of Interest:

Under section 80c of the Local Government Act 1989 officers providing advice to Council must disclose any interests, including the type of interest.

Officer Responsible – Adrian Gasperoni, Director Infrastructure Services

In providing this advice as the Officer Responsible, I have no disclosable interests in this report.

Author – Peter Jewell, Town Planner

In providing this advice as the Author, I have no disclosable interests in this report.

RECOMMENDATION:

That Council approves Planning Application 1559-17 allowing buildings and works to a building at Lot 2, PS 421117F (22 Wimmera Street, Dimboola). The Planning Permit shall be issued with the following conditions:

- 1. The layout of the use and development for the land as shown on the endorsed plans must not be altered without the prior written consent of the Responsible Authority.***
- 2. The time for commencement of the development is within two years from the date of issue of the permit and the development works are to be completed within two years of the commencement of the permit. An extension of time for the permit can be sought for the permit.***

11.3 APPLICATION FOR PLANNING PERMIT 1560-17

Responsible Officer:	Director Infrastructure Services
File:	Planning – Applications – 1560-17
Assessment:	131220
Attachment:	5
Applicant:	Nhill Motor Sports Club Inc.
Owner:	Ashley Dickenson
Subject Land:	Crown Allotments 69, Lot 1 TP412722A (Western Highway, Nhill)
Proposal:	Hold a one day “Pony Express Enduro” event on the 15 July 2017 between the hours of 8am and 7.00pm (Place of Assembly).
Zoning & Overlays:	Farming Zone (FZ)
Attachments:	Application documents & letters from neighbours

Summary:

This application is for a ‘pony express enduro’ motorcycle event to be held on Saturday 15 July 2017. The sporting event is proposed by the Nhill Motor Sports Club who regularly operate such events in farming areas within the Shire. Previous events have attracted no objection. The site is relatively remote with no nearby sensitive uses.

The proposal is a low impact event that requires no permanent structures to be erected. The adjoining landowners have provided letters of support for the event.

It is proposed to hire temporary toilet facilities. Given the one off nature of the proposal it is appropriate to place an expiry date on the planning permit. The proposed expiry date allows one week to clean the site. It is anticipated that any tidy up of the site will occur before the expiry of the permit.

The Hindmarsh Planning Scheme encourages community involvement in sporting events. The proposal is entirely consistent with this planning objective.

Notification & Referral of Application:

Pursuant to Sections 52 and 55 of the Planning and Environment Act 1987 (the Act), notice of the application must be given to the community and referred to stipulated authorities.

Community:

Pursuant to Section 52 of the Act, Council is required to give notice of this application to any person it considers the grant of the permit may cause material detriment. Notice of this application was not given to adjoining landowners as letters have been received from these parties stating no objection to the proposal.

Authorities:

Pursuant to Section 52 of the Act, notice of this application was not referred to any authorities as the proposal is not subject to any relevant controls.

Pursuant to Section 55 of the Act, notice of this application was not required.

Strategic, Statutory and Procedural Requirements:

The proposal is consistent with the State Planning Policy Framework and the Local Planning Policy Framework, including the Municipal Strategic Statement and local planning policies.

Report to Council:

The Town Planner advises that all obligations of Council (strategic, statutory and procedural) have been addressed and discharged in this planning application.

Processing Times:

The application was received on 31 May 2017. The report is being presented to the Council meeting of 21 June 2017. The statutory processing time requirements of the Planning and Environment Act 1987 have been satisfied.

Conflict of Interest:

Under section 80c of the Local Government Act 1989 officers providing advice to Council must disclose any interests, including the type of interest.

Officer Responsible – Adrian Gasperoni, Director Infrastructure Services

In providing this advice as the Officer Responsible, I have no disclosable interests in this report.

Author – Peter Jewell, Town Planner

In providing this advice as the Author, I have no disclosable interests in this report.

RECOMMENDATION:

That Council approves Planning Application 1560-17 allowing a Planning Permit to hold a one only one day 'Pony Express Enduro' event (Place of Assembly) on 15 July 2017 between the hours of 8am and 7.00pm at Lot 1 TP 412722A (Western Highway, Nhill). The Planning Permit shall be issued with the following conditions:

1. Endorsed Plan:

The location and design of the development as shown on the endorsed plans shall not be altered or modified, whether or not in order to comply with any statute or statutory rule or local law or any other reason without the consent of the Responsible Authority.

2. Certificate of Currency for Public Liability Insurance:

The use hereby permitted shall not commence until a current certificate of currency for Public Liability Insurance has been obtained.

3. Maintenance:

Maintenance of all works, surrounds and parking areas within the site shall be carried-out in such a manner to render the site neat, tidy and clean at all times.

4. Parking:

No vehicle associated with the event shall be parked in a road reserve abutting the subject land.

5. Amenity:

The amenity of the area shall not be detrimentally affected by the use or development through the:

- **Transport of materials, goods or commodities to or from the land;**
- **Appearance of any building, works or materials;**
- **Emission of noise, artificial light, vibration, smells, fumes, smoke, vapour, steam, soot, ash dust, waste water, waste products, grit or oil; and**
- **Presence of vermin or otherwise.**

6. Waste Disposal:

All wastes including sewage, sullage and refuse, shall be disposed of in the proper manner, to the satisfaction of the Responsible Authority (Environmental Health Officer).

7. Water Supply:

The use hereby permitted shall not commence until an adequate supply of potable water has been provided, to the satisfaction of the Responsible Authority (Environmental Health Officer).

8. Food Handling:

Any food intended to be sold must be the subject of a 'Single Food Event' Application, and shall be to the satisfaction of the Responsible Authority (Environmental Health Officer).

9. Signs Requiring Further Approval:

Unless no permit is required under the Planning Scheme, signs must not be constructed or displayed without a further permit.

10. Emergency Services Given Notice:

Emergency Services (Country Fire Authority, Police & Ambulance) are to be given 14 days written notice of the proposed Pony Express Enduro Motorcycle Event and a further 48 hours notice before the commencement of any activity onsite, by the organiser.

11. Clean up:

The permit holder will ensure the site is in a neat and tidy manner with all rubbish removed prior to the lapse of the permit.

12. Lapse Of Permit:

This Permit shall lapse on the 23 July 2017.

12. REPORTS REQUIRING A DECISION

12.1 RISK MANAGEMENT REPORT

Responsible Officer: Director Corporate and Community Services
Attachment Number: 6

Introduction:

The purpose of this report is to inform Council of strategic risks to Council's operations, their likelihood and consequences of occurring and risk minimisation strategies.

Discussion:

Risk management is the systematic process of addressing hazards by:

1. Identifying any foreseeable hazard that has the potential to cause harm or damage to persons or property within the Shire
2. Assessing the risk from the identified hazard – both the significance of the risk and the likelihood that the risk will occur
3. Elimination of the hazard or where this is not possible minimising either the likelihood of the risk occurring, or in the event that the risk occurs, its impact.
4. Regular review of the risk with consideration of current controls and possible improvements to further reduce the risk.

Effective risk management is integral to Hindmarsh Shire Council's vision of achieving a caring, active community enhanced by its liveability, environment and economy.

To achieve the economic expectations of our stakeholders and community needs, Hindmarsh Shire Council must pursue opportunities that involve some degree of risk. Council's risk management framework aligns strategy, processes, people, technology and knowledge for the purpose of identifying, analysing, managing and monitoring the challenges and opportunities we face in delivering our strategic objectives.

Reviewing risk management is a continuous process, and a fundamental element of effective leadership and good Governance. While Council officers are responsible for regularly assessing their departments' risks and the effectiveness and appropriateness of risk management strategies, Council's role is to monitor the systems and processes for risk management, review Council's risk profile and consider the effectiveness of mitigation actions.

A risk report is presented to Council's Audit Committee on a regular basis to allow a third party review of Council's risks and progress of treatment plans.

Council's risk register has been reviewed and updated over recent months and is provided for Council consideration.

Council's OHS, Risk and Governance Officer oversees all risks and tracks their review and treatment/mitigation undertaken. The current top ten risks identified and risk matrix to determine their rating are provided on the following pages. A spreadsheet showing all risk identified is attached (Attachment 7).

The following Risk Matrix was used to determine the risk rating for a risk:

	Consequence / Likelihood	Insignificant	Minor	Moderate	Major	Catastrophic
Event expected to occur most times during normal operations	Almost Certain	Medium	High	High	Extreme	Extreme
Will probably occur in most circumstances. E.g. Weekly	Likely	Medium	Medium	High	High	Extreme
Might occur at some time. E.g. Annually	Possible	Low	Medium	Medium	High	High
Probably wont but could occur at some time. E.g. Once every 5 years	Unlikely	Low	Low	Medium	Medium	High
May occur only in exceptional circumstances. E.g. Once every 10 years	Rare	Low	Low	Low	Medium	Medium

The following table depicts the top 10 risks faced by our organisation (ordered by current rating):

Risk No	Risk Description	Risk Level (Current)	Risk Level (Residual)
8	Reduced Community sustainability / viability throughout the Shire.	High	Medium
