Changes to movie screenings at Nhill Cinema

Hindmarsh Shire Council has conducted a review into the usage and attendance of movie screenings at the Nhill Memorial Community Centre Cinema. The review has indicated that cinema attendances have reduced significantly over a period of time and it is no longer viable to run weekly Tuesday movie screenings.

Hindmarsh Shire Council Mayor Ron Ismay said “Council have had to make a tough decision on the future of the Nhill Cinema as there has not been enough support for us to continue to facilitate two movie screenings a week. Due to this, screenings will now occur on Friday nights only from Friday 15 June 2018, with the exception of special movie screenings and school holiday screenings.”

The Mayor concluded “Council encourages community members to show support by attending movie screenings and special events; your support will aid in the continuation of this service for our community.”
