2. Process

Receipt of Complaint

Complaints may be lodged through a number of channels and at any level.

2.1. Verbal Complaints

The Council Officer receiving the complaint will determine the details of the complaint and record them on a complaints form which will be registered into infoXpert and delegated to the appropriate manager or director. *(Note, form to be developed)*

The Council Officer will repeat the details back to the complainant to ensure they are satisfied with what has been recorded.

The Council Officer will explain the process that will occur once the complaint has been received.

The Council Officer will determine whether the complainant is satisfied with the proposed course of action.

If the nature of the complaint appears to be severe, the Council Officer will encourage the complainant to put the Complaint in writing.

2.2. Written Complaints

Written Complaints are registered into infoXpert and delegated to the appropriate manager or director.

A letter of acknowledgment is to be sent by Council within five business days of receipt of the complaint.

The acknowledgment letter is to explain the course of action that will be taken, commit to an action and ask whether the complainant is satisfied with the proposed course of action.

Responsibility for responding to Complaint

2.3. Contracted services

In-house and external contract complaints will be delegated to the contract manager to resolve with the contractor. It is the responsibility of the contract manager to receive and handle service complaints.

2.4. Non-contracted services

These complaints will be delegated to the relevant manager for investigations and resolution. Where satisfactory resolutions are not obtained by complainants, the matter may be referred to the relevant director to resolve.

Types of Complaints

2.5. Complaints regarding statutory matters

Where Council activities are governed by State or Federal legislation, Council is unable to alter its decision making processes and is guided by the requirements of the legislation.

Council has adopted local laws that operate in conjunction with the State legislation. When Council officers commence proceedings, including legal action and issuing infringement notices, and a

member of the community wishes to have the decision reviewed, a request for review must be received in writing.

Such Complaints will be handled by the HR, Governance and Compliance Coordinator.

2.6. Risk management complaint

Where a complainant informs Council that a claim may be lodged for personal injury or property damage.

Such matters will be handled by the HR, Governance and Compliance Coordinator or the HR and Governance Officer.

2.7. Complaints about Council Officers

Complaints regarding Council Officer behaviour will be handled sensitively and confidentially. All complaints regarding the behavior of Council Officers must be made in writing and include the detail necessary to allow investigation of the complaint.

The complaint will initially go to the relevant manager of the Council Officer. If the complaint is unable to be resolved this way, the relevant director will become involved.

All aspects of the complaint, discussions and resolution shall be accurately recorded and may form the basis for disciplinary action.

2.8. Strategy related issues raised by Community Groups

Strategy related issues raised by community groups shall be referred to the relevant Director in the first instance.

Where the concerns are complex, the Director shall refer the issue to the CEO. The CEO will consider the matter and determine whether the Complaint should be managed by this Procedure.

Responding to complaints

When responding to a complaint, the person must ensure that their reasoning is explained clearly and thoroughly.

The response must also be clear on what decision is being made.

The response must also advise the complainant of what they should do if they are not happy with the outcome.

Escalation of complaints to mediation

Where a Complaint remains unresolved, a senior member of staff shall be nominated to mediate. This officer will investigate the unresolved Complaint with a view to resolving the Complaint.

Mediation

If mediation is required, the director of the area to which the complaint relates will invite a director from another area to act as mediator.

The mediation process will not be used to review formal Council decisions but rather to check that complaints were handled correctly and that the decision reflects Council policies.

The mediator will:

- Act independently

- Consult with the director to confirm that the complaint has been acknowledged within five business days of receipt, and the complainant has been advised of this Procedure.
- Ask the responsible manager to provide all information associated with the complaint and any additional background.
- Review all the material then talk to the complainant and officers involved.
- Form a decision on the matter in writing and forward to the director and/ or CEO. The decision must be thorough and must explain the reasoning of the decision.
- Advise the complainant in writing of the decision.
- Place copies of all notes, correspondence, and other relevant material on a central file.

If the complaint is not resolved via mediation, the complainant can seek to discuss matters with the CEO.

Right of appeal

If the complainant is dissatisfied with the outcome of the complaint they are able to contact the State Ombudsman's Office.
