Works are expected to be complete in early 2022.

## RAINBOW LIBRARY LANDSCAPING

The landscaping design for the new Rainbow Library has been completed and is currently being advertised for a Request For Quotation. Taking influences from the gardens at the Dimboola Library, the new park space at the rear of the Library will create a refreshing outdoor asset that will allow for community gatherings and activities to be staged at the rear of the library, which includes an open, elevated deck space.

The next stage of this project will see the development of a concept design for a pathway through to The Oasis Community Hub, which will wind its way through existing and new shrubs and trees. The new Library garden and extended pathway are set to provide a link between Federal St and The Oasis.

## WIMMERA RIVER DISCOVERY TRAIL UPDATE

In 2019 Hindmarsh Shire Council received funding from State and Federal Governments to implement the Dimboola to Lake Hindmarsh section of the Wimmera River Discovery Trail. Total funding for this stage is \$1.2 million, with \$600,000 from the Federal Government's Building Better Regions Fund being matched by \$400,000 from the Victorian State Government and \$200,000 from Hindmarsh Shire Council.

## JEPARIT ELECTRIC VEHICLE CHARGING STATION

Hindmarsh Shire Council is pleased to announce that another Electronic Vehicle Charging Station has been installed in Jeparit, in addition to the Dimboola Charging Station which was installed in September. It is located at Menzies Square in Jeparit.

The charging stations at Dimboola and Jeparit have been chosen by Linga Network in partnership with Baidam Solutions due to the culturally significant

areas in Dimboola and Jeparit. Dimboola was the first charging station to be installed as a part of guiding Electronic Vehicle drivers along a route named 'Songlines by Baidam'. This route in time will extend from Torquay to Port Fairy, and eventually across the border into South Australia.

## WANT SOME PLANNING ADVICE?

Thinking about buying a block of land,

putting up a fence, removing some trees, building a new home or starting a new business? It's a good idea to get some planning advice to find out if what you are proposing to do will require planning permission.

There are a number of ways to seek this advice and the quality and quantity of information you provide to us may determine how quickly we can respond.

You can phone our friendly customer service team and provide them with a property address (and assessment number), a brief description of what you are hoping to do, and as much relevant detail as you have available. Please include your phone number and email (if you have one) for Council to get back to you.

There are also online forms available.

The "Request for Written Planning Advice" form is for those that are serious about the proposal they have for a particular property. This form has a number of questions and a current copy of Title is required so Council can consider any restrictions that may apply to the property. This form attracts a fee; however, a written response will be provided.

For those with a more general enquiry, the "Developing in Hindmarsh" form can be used. A specific address must be provided and advice will be of a general nature only as without a copy of Title, there may be restrictions affecting the property that Council is unaware of. Generally, a verbal response, rather than written, will be provided.

The information provided by you may determine how long it takes for Council to respond. Responses may take between 48 hours to a week or so and complex enquiries may take a little longer to investigate.

To view these forms or have a look at some planning information, please visit the Planning Permits and Services page on Council's website here: [www.hindmarsh.vic.gov.au/planning-permits-and-services](http://www.hindmarsh.vic.gov.au/planning-permits-and-services).
