9 REPORTS REQUIRING A DECISION

9.1 ASSET DISPOSAL SALE – 41 VICTORIA STREET, DIMBOOLA (KNOWN AS DIMBOOLA SENIOR CITIZENS BUILDING)

Responsible Officer: Director Infrastructure Services

Introduction:

This report seeks approval from Council to commence the process to dispose of the asset currently known as the Dimboola Senior Citizens Centre, located at 41 Victoria Street Dimboola through sale of the property. The recommendation is based on the feedback from the recent community consultation session in Dimboola.

Discussion:

Council has a number of buildings across the Shire that are approaching end of life or are already at end of life. This report discusses an option to reduce the number of buildings by selling assets that are surplus to Council's needs and becoming ongoing liabilities.

The last condition and valuation audit on Council's building assets showed many were in fair to poor condition – with operation and maintenance costs increasing to meet user demand. Dimboola Senior Citizens Centre has not been utilised post covid and has shown some significant deterioration pattern. This particular asset will need a significant amount of investment to make it suitable for use. The community, however, does not have a defined pattern of use for this building. This justifies the need for disposal of this building.

During March 2022, Council undertook discussions with members of the community seeking the re-establishment of the Senior Citizens. No support was achieved at the meeting.

At the August 2023 Council meeting, Council resolved to advertise its intention to dispose of the asset calling for submissions from the community. Six submissions were received with two submissions being heard at the October 2023 Council meeting. The predominant request from the submissions was for the community to have time to consider uses for the building. It was decided a specific community meeting should be held on the matter and this was held on Tuesday 20 February 2024. Those in attendance (approximately 14) discussed the current state of the building, works required, and suitable other locations within Dimboola for use by community groups.

The general opinion at the community meeting was to move to sell the building and invest the funds secured through proceeds of sale in Dimboola. In the situation where this building does not get sold due to buildings structural defects, those in attendance at the meeting wished to demolish the building for the purpose of a community garden.

There is also a significant Olive tree at the rear of the block which many community members would like to see retained. The general consensus was to put this tree into the heritage listing to protect it from being removed.

Options:

1. Council approves the disposal of the asset through a public sale process.
2. Council investigates the ability to demolish the building and establish a user or community group for a community garden.
3. Council undertakes the repairs at significant cost for the building and seeks to find a user.

Link to Council Plan:

Built and Natural Environment - Well maintained physical assets and infrastructure to meet community and organisational needs.

Financial Implications:

Council will incur selling and legal fees for the sale of the property. Upon the sale of the property rates and charges may be able to be levied. Council will no longer be responsible for the Fire Services Levy and insurance and maintenance on the property. Costs will be re-couped through any ultimate sale of the property.

There are significant financial implications from the current needs of the buildings that Council is responsible for. Many of these buildings are non-revenue generating and are approaching or are at the end of life. There are minimal grants available for many of these buildings and Council buildings all have condition audits and valuations undertaken on them every four years with the next audit to take place in the 24/25 financial year.

Demolition of the building would be approximately \$60,000 given the presence of asbestos.

Risk Management Implications:

Strategic Risk Description	Risk Management Discussion
Asset Management	It is critical that Council and the community understand the principles around Asset Lifecycle and the financial implications of the cycle for Council. The appropriate planning for the buildings includes asking the community what they need for the future. This can sometimes be a difficult discussion if we are attempting to be aspirational but dealing with demographic change and needs.
Financial Sustainability	The costs involved in maintaining or repairing the building for no known use are prohibitive.

Relevant legislation:

Under Section 114 of the *Local Government Act 2020* (Act) Restriction on power to sell or exchange land (2) Before selling or exchanging the land, the Council must—

- (a) at least 4 weeks prior to selling or exchanging the land, publish notice of intention to do so—
 - (i) on the Council's Internet site; and
 - (ii) in any other manner prescribed by the regulations for the purposes of this subsection; and
- (b) undertake a community engagement process in accordance with its community engagement policy; and
- (c) obtain from a person who holds the qualifications or experience specified under section 13DA(2) of the *Valuation of Land Act 1960* a valuation of the land which is made not more than 6 months prior to the sale or exchange.

Community engagement:

Council advertised its intention to dispose of the asset in the locally circulating newspaper and on the internet for four weeks. As a result, six submissions were received, with two submitters speaking at the October 2023 Ordinary Council meeting requesting further time and specific engagement in the community over the proposal.

A community meeting was held on Tuesday 20 February 2024 and approximately 14 people attended with the consensus being to move to the disposal of the asset with consideration of the significant tree on the property.

Gender equality implications:

The building was not being used by any clubs or groups and as recently as March 2022 Council sought tenants for the building. Following the cessation of the Senior Citizens Group, there are several groups that use the refurbished library facility to meet. The impact is more significant on the older demographic and ensuring they have safe and accessible meeting spaces which the newly refurbished library facility provides.

Conflict of Interest:

Under section 130(2) of the *Local Government Act 2020*, officers providing advice to Council must disclose any conflict of interest, including the type of interest.

Author – Mick Henderson, Manager Assets & Facilities

In providing this advice as the Author, I have no disclosable interests in this report.

Officer Responsible – Ram Upadhaya, Director Infrastructure Services

In providing this advice as the Officer Responsible, I have no disclosable interests in this report.

Communications Strategy:

Following the Council resolution – the potential disposal of the asset will be communicated to the Dimboola community through the locally circulating newspaper and the internet.

Next Steps:

Should Council resolves to dispose of 41 Victoria Street Dimboola a real estate agent will be appointed to undertake the sale of the property.

RECOMMENDATION:

That Council:

- 1. approves the disposal of 41 Victoria Street, Dimboola; and***
 - 2. authorises the CEO to undertake the sale process and sign all necessary documents for sale of land and the building located at 41 Victoria Street, Dimboola.***

**9.2 HINDMARSH SHIRE COUNCIL BUSINESS ASSISTANCE GRANTS PROGRAM

Attachment Numbers: 2 – 3 (*Attachment 3 is confidential*)

Introduction:

This report seeks approval from Council to provide funding to eligible businesses through Round 2 of the Business Assistance Grants 2023/2024 program.

Discussion:

The Business Assistance Grants program (BAGs) was established in July 2016 to support local businesses to expand their operations and to encourage new businesses, large and small, to establish themselves in the Shire. Grants help offset costs associated with expanding or establishing a business in Hindmarsh Shire, promoting economic development and innovation.

This program addresses the ongoing need to attract new business and support existing business in our towns, as more and more small businesses close their doors.

Council has allocated \$20,000 towards the 2023/24 Business Assistance Grants program in the 2023/2024 Annual Budget. This allocation is split into two categories.

Based on the assessment scoring, Council could allocate the budgeted amount as follows (proportionate to the weighted score):

9.4 POLICY UPDATES

Responsible Officer: Acting Chief Executive Officer

Attachment Numbers: 6 – 12 (*Attachments 8, 9 and 10 are confidential*)

Introduction:

This report presents four Policies for Council consideration:

1. The draft *Body-Worn Camera Policy* to be endorsed for consultation for the period of 7 March 2024 to 21 March 2024. Consultation is proposed to take place by online survey, with written and verbal submission options also available.
2. The draft *Community Engagement Policy* to be adopted following an endorsed period of consultation;
3. The draft *Gender Equality Policy and Guidelines* to be adopted with minor formatting updates.
4. The draft *Live Streaming and Publishing Records of Council Meetings Policy* with minor wording changes regarding streaming and publishing platforms.

Discussion:

Body-Worn Camera Policy

The Body-Worn Camera Policy provides guidance to Authorised Officers, employees, elected representatives, and other stakeholders on the ethical, lawful, and efficient use of body-worn cameras (BWCs) and recorded data. The purpose of Body-Worn Cameras is to promote and maintain a safe work environment (e.g., by discouraging and documenting occupational violence) and will assist Authorised Officers in carrying out their operational tasks related to investigation of breaches of Acts, regulations, and the Hindmarsh Shire Council Municipal Local Laws. The Policy has been formally endorsed by Council's Health and Safety Committee.

Working in isolation and the occurrence of harassment and abuse are significant risks to the health and safety of Council staff. Given the scope of our operations and staff resource limitations, Council must think proactively and progressively about safety initiatives that reduce the risk of occupational violence to staff working alone in high-risk situations. Council has developed a draft operational procedure that provides for the implementation of the Body-Worn Camera Policy.

Body-worn cameras are not intended for monitoring residents. Their primary purpose is to record interactions between Authorised Officers and the public while upholding privacy rights. Council Officers will adhere to all relevant privacy legislation, including but not limited to the *Privacy and Data Protection Act 2014 (PDP Act)*, when using body-worn cameras and when managing recorded data. Any personal information contained in recorded data will be kept confidential by all Council employees, contracted Authorised Officers and other parties to whom it is disclosed and otherwise handled in accordance with the Council's privacy policy and legal obligations.

In recognition of the privacy implications of this program, Council Officers have also completed a Privacy Impact Assessment (PIA). A PIA is a process for analysing a program's impact on individuals' information privacy. The process of conducting a PIA helps identify potential privacy risks and develop risk mitigation strategies to address these privacy impacts before a project or initiative commences. Although conducting a PIA is not mandatory under Victorian privacy law, VPS organisations are required to comply with Part 3 of the PDP Act. The process of undertaking a PIA can assist organisations in assessing a program against the 10 Information Privacy Principles (IPPs), contained in Schedule 1 of the PDP Act.

It is recommended that Council present the policy to the Community and invite feedback prior to formal adoption.

Community Engagement Policy

At the Council Meeting held on 7 February 2024, the Draft Community Engagement Policy was endorsed for a period of community consultation for the period 8 February 2024 to 22 February 2024. The consultation included seeking feedback on effective consultation methods that could be used to improve Council's engagement practices. At the close of the consultation period, 3 submissions were received.

None of the submissions noted that amendments were required to the Community Engagement Policy, however key points were made that can inform how Council improves our engagement processes into the future, namely:

- Increasing awareness of consultation opportunities; and
- Communicating outcomes with the community.

It is recommended that Council adopt the Community Engagement Policy and that feedback provided during the consultation process is absorbed into our engagement planning and delivery. Submissions contain confidential information regarding the submitters and have been provided to Council for noting as confidential attachments.

Gender Equality Policy and Guidelines

The Gender Equality Policy and Guidelines are due for review in accordance with the review cycle. The document reiterates and affirms Council's commitment to the principles and actions contained within the *Gender Equality Act 2020*. Council Officers have undertaken a review of the Policy and determined that only minor formatting amendments be made. Council has several other operational documents that guide Council's actions in this area, including:

- The Gender Equality Action Plan
- The Executive Leadership Statement of Commitment to Gender Equality
- Participation in the People Matters Survey
- Completion of the Gender Equality Act progress reporting, including workforce audit.

It is recommended that Council adopt the revised Policy in recognition of the importance of high-level commitment to the principles and enactment of gender equality.

Live Streaming and Publishing Records of Council Meetings Policy

This policy has been reviewed with minor updates to refine the publishing options for Council throughout the policy to include all Council social media platforms and Council’s website. This ensures that should there be technical difficulties with the live-stream, the recording can still be published in an alternative location to Facebook.

Options:

1. Council can choose to adopt the Community Engagement Policy, Gender Equality Policy and Guidelines, and Live Streaming and Publishing Recordings of Council Meeting Policy, and endorse the Body-Worn Camera Policy for community consultation; or
2. Council can choose to amend the Policies prior to adoption and endorsement; or
3. Council can choose to not adopt the Community Engagement Policy, Gender Equality Policy and Guidelines, and Live Streaming and Publishing Recordings of Council Meeting Policy and not endorse the Body-Worn Camera Policy for community consultation.

Risk Management Implications:

Strategic Risk Description	Risk Management Discussion
Community Needs	Ensuring that Council policies are up-to-date, clear, and accessible supports effective engagement between Council and the community on important issues and the delivery of key policies, programs and plans. The Community Engagement Policy ensures that Council and the community are building a strong and effective engagement relationship through clearly defined terms and methodologies that are underpinned by Council’s values. Strong engagement practices result in community projects, programs and services that are purpose-built, meeting identified needs and efficiently using Council resources. The Body-worn Camera Policy ensures that community and officer safety is supported in the delivery of critical services, including the administration of local laws and environmental health services.

Governance	Establishing a policy that provides for Community Engagement activities ensures that Council is compliant with the <i>Local Government Act 2020</i> . Establishing a Body-worn Camera Policy ensures that Council is delivering a program that is underpinned by appropriate governance and legislative frameworks and that all key factors, namely privacy, are built into the Policy and any implementation plan.

9.5 S6 INSTRUMENT OF DELEGATION

Responsible Officer: Acting Chief Executive Officer

Attachment Numbers: 13 – 15

Introduction:

This report seeks the formal appointment of Council Officers as Authorised Officers or delegated officers through the adoption of the following updated Instruments of Delegation:

- S6 Delegation from Council to Council Staff
- S11A *Planning and Environment Act 1987* (**P & A Act 1987**) Delegation
- S18 Sub-Delegation under the *Environmental Protection Act 2017* (**EPA Act 2017**)

Discussion:

S6 Instrument of Delegation

The S6 Instrument of Delegation from Council to members of Council staff (**Attachment 13**) relates to Council powers, duties and functions within various Acts and Regulations (or specific parts of those Acts or Regulations), that contain a specific power of delegation. This Instrument was last reviewed in October 2023.

Changes made to the S6 Instrument of Delegation include updated delegations to staff to reflect current roles (including role titles) and responsibilities and to ensure that there is a secondary delegate for all applicable functions and responsibilities.

S11A Planning and Environment Act 1987 Delegation

Council is required under the *Planning and Environment Act 1987* to have an authorised officer to attend to the enforcement of planning permits and to investigate and/or prosecute breaches of Council's Planning Scheme. Appointments are reviewed and updated regularly due to changes in staff, amendments to legislation and changes in positions/roles within Council.

Council Officers have prepared the Instrument of Appointment and Authorisation (*Planning and Environment Act 1987*) (**Attachment 14**) which seeks to appoint the following officers as authorised officers under the *Planning and Environment Act 1987* –

- Michelle Stewart (Environmental Health Officer)
- Ram Upadhyaya (Director Infrastructure Services)

Appropriate authorisations allow Council and Council staff to operate effectively and within legislative frameworks.

S18 Sub-Delegation under the Environmental Protection Act 2017

The *Environment Protection Act 2017* and Environment Protection Regulations 2021 came into effect on 1 July 2021. Under the new Act and Regulations, the scope of Council's role as a regulator has not changed, however, there have been changes to the laws and powers

of councils, including a new delegation of powers directly from the Environment Protection Authority Victoria (EPA) to Councils.

Pursuant to section 437(1) of the Act, the EPA has issued an Instrument of Delegation dated 4 June 2021 directly to Council. Following this, Council can sub-delegate these powers, as conferred by section 437(2) of the Act, to Council officers. The Instrument of Sub-Delegation from Council to Members of Council Staff (**Attachment 15**) reflects this advice and is presented to Council for adoption.

Council’s current S18 Instrument was endorsed at the Council meeting held on 31 May 2023 – a review has been undertaken to ensure that it reflects the positions and responsibilities of the current organisational structure.

Options:

Council can:

1. approve the delegations and authorisations outlined in the attached Instruments;
2. modify the delegations and authorisations outlined in the attached Instruments;
3. choose to not adopt the Instruments and rely on the current in-force Instruments for delegations of the powers, duties and functions within the relevant legislation.
