Responsible Officer: Director Corporate and Community Services

Attachment Numbers: 2 – 4

Introduction:

This report seeks Council adoption Council's Policy Framework and Media Policy.

This report also seeks the endorsement for the Public Interest Disclosure Policy to be made available to the public for consultation for the period between 2 March 2023 and 16 March 2023.

Discussion:

Media Policy

Council's media policy provides for the transparent, consistent and accurate interaction between Council spokespersons and the media. It allows for Council to provide timely, proactive and critical information about the function and services of Council thus enhancing the reputation and furthering the values of the organisation. The policy is due for evaluation every three years and as such has been reviewed and updated to align with the current legislative environment and best practice. Amendments to the policy include:

- reference to Council's media release process;
- the process for nomination of spokesperson on Council matters in the absence of the Mayor or where the Mayor has a conflict of interest in relation to the matter; and
- A provision for the equitable maintenance of good working relationships with media outlets.

Policy Framework

Council maintains a Policy Framework Policy to provide for operational and Council policy design, approval, implementation, monitoring and evaluation. The policy is required to be reviewed at a minimum every three years and as needed within that period. The policy has been reviewed with minor administrative updates, including the re-naming of Administrative Policies (those approved by the CEO) to Operational Policies, to better align with existing Council terminology.

Public Interest Disclosure Policy

This policy fulfils Councils requirement to establish and publish procedures under s 58 of the *Public Interest Disclosures Act 2012* and in accordance with the Guidelines of the IBAC published under s 57 of the same Act.

Council's Public Interest Disclosure Policy has been reviewed and updated as described below:

- *Definitions and Terms*

The policy's definitions have been reviewed and updated for clarity and accuracy

against the PID Act and guidance materials, including the meaning of corrupt conduct and improper conduct. Additionally, terms relating to the *Local Government Act 1989* (i.e. S86 Committees) have been amended to reflect the *Local Government Act 2020*. The policy has also been amended to ensure the use of gender-neutral language.

- *Broadening the explanation of who can make a disclosure*

This section has been updated to more comprehensively reflect the PID Act and ensure that anyone accessing the policy is provided detailed and clear information around making a Public Interest Disclosure.

The Public Interest Disclosure Policy will be made available for public consultation from Thursday 2 March 2023 to Thursday 16 March 2023 and a report seeking to adopt the policy will be brought to the April Council meeting.

Options:

1. Council can choose to adopt the Media Policy and Policy Framework Policy and approve the Public Interest Disclosure Policy for release to the public for the specified consultation period;

**9.2 HINDMARSH SHIRE COUNCIL COMMUNITY ACTION GRANTS PROGRAM
2022/2023 ROUND 2**

Responsible Officer: Director Corporate and Community Services

Attachment Number: 5

Introduction:

This report seeks Council approval to provide funding through Round 2 of the 2022/2023 Community Action Grants Program to eligible community organisations/groups.

Discussion:

The Community Action Grants Program was established to support communities with funds to provide services, self-help and assist with community development, social action, and connectedness.

Total annual funding of \$20,000 has been allocated to the program and categorised into three areas:

- Community Assistance
- Event Sponsorship
- Small Equipment

Round Two of the 2022/2023 Community Action Grants Program was promoted through direct emailing to community groups; media releases on Council’s website and local media; advertisements in local media as well as Facebook promotions on Council’s Facebook page.

At the time of closing on Friday 10 February 2023, five (5) applications were received requesting funds totalling **\$4,500**. The recommendation is to award funds of **\$3,500.00**. Total projects costs for all applications is **\$12,090.00**.

Category	Number of Applications	Funding Available	Total Amount Requested
Community Assistance	Four (4)	Round 2 \$13,181.05	\$4,000
Event Sponsorship	One (1)		\$500
Small Equipment	Zero (0)		\$0
TOTAL	Five (5)		\$4,500

Funding applications have been assessed against the following eligibility criteria:

All applications must:

- Demonstrate direct economic and social benefit to the community;
- Not already receive substantial support from Hindmarsh Shire Council;

- Be made by an incorporated community group or not-for-profit organisation or auspiced by such a group;
- Apply for one category per funding round; and
- Obtain any / all relevant permits required to host an event within Hindmarsh Shire Council.

Ineligible Applications:

Applications by, or for, the following purposes will not be eligible for funding:

- Community organisations who do not provide direct benefit to the Hindmarsh Shire community;
- Individuals;
- Applicants who have successfully obtained funding of \$500.00 or more for Community Assistance, Small Equipment and Minor Facility grant through the Community Action Grants Program in the current or previous financial year (organisations can only apply for funding every *two* years) are ineligible to apply. The exception is for community groups and organisations seeking Event Sponsorship for annual events (given they have acquitted any previous funding);

- Funding to groups for purposes already significantly supported by Hindmarsh Shire Council (e.g. groups that use a Council facility free of charge and pay no utility or operating costs);
- Programs considered the major responsibility of the State or Federal Government;
- Schools and parents and friends organisations;
- Projects that are clearly a duplication of an existing service;
- Retrospective funding (projects that have commenced or have been completed will not be funded); and

---------------------	---

Community Assistance

The **Community Assistance** Program offers grants of up to a **\$1,000** to assist with valuable projects that do not fit under the two other categories of the Community Action Grants Program.

There were four (4) applications in this category for this round, requesting a total of \$4,000.

Applicants:

1. Rainbow Lake Association seeks funding of \$1,000 to assist with the signage at and around the recently established Rainbow Lake. The signage proposed is to welcome visitors to the attraction and to make them aware of the rules that the Rainbow Lake Committee would like them to adhere to.

It will also make visitors aware of the dangers of deep-water entry at certain areas of lake, appropriate parking locations, and more.

The entire project cost is \$2,100 and will include in-kind/volunteer labour and equipment, signage and installation costs.

Based on the application and the association’s eligibility, the recommendation is to grant \$1,000 towards this project.

2. CWA Nhill Twilight Branch seeks funding of \$1,000 to assist with the continuation of upgrades to the CWA building, including the renovation and re-hanging of two notice boards, installation of a corner shelf for a microwave, bi-fold door and shelf in kitchen corner cupboard, and re-hanging the pioneer honor board.

These small projects and renovations will be of great benefit to all members that use this facility and will provide improvements to the historic building to present-day standards.

Upgrades target the range of community groups currently using the facility including CWA members, craft group, flag bridge charity group, and more.

The entire cost for this project was quoted \$1,120, CWA will contribute \$120 to this cost and based on their eligibility criteria and demonstrated needs for this upgrade the recommendation is that Council grants \$1,000 to this project.

3. Nhill-Dimboola Band seeks funding of \$1,000 towards the cost of expenses to enable them to continue their regular band activities and spread the joy of listening to brass band music and to attract and teach new members to continue the long-held tradition of brass bands. They have expressed that since Covid-19 pandemic there has been a significant

decline in events and playouts, which has created a need for financial assistance to help reduce their losses and return to regular activities.

Nhill Dimboola Band estimated expense for the year is \$4,475 including cleaning fee's, rent, affiliation fee, liability insurance, licensing fees, instrument repairs and costs of hosting events.

They typically plan on paying these expenses through donations, interest, playout payments, membership fees, and from their own band funds.

Based on their eligibility and need for assistance, the recommendation is to grant funds of \$1,000 to ease the financial pressure and allow the group to return to their regular activities as soon as possible.

- 4. Fit to Drive** seeks funding of \$1,000 to enable the Fit to Drive workshop to attend Nhill College and Dimboola Memorial Secondary College to present these workshops to Year 11 students.

The Fit to Drive Foundation provides road safety education programs for young people, their families and the wider community. They pride themselves on delivering relevant, informative, and interactive workshops including the F2D Workshop, Steer Right online webinar, and the Green Light Initiative (GLI). These programs are offered in partnership with education providers, local councils and service groups, and emergency services including Victoria Police and Fire Rescue Victoria.

The recommendation is to not allocate funds of \$1,000 as this company is not a community group and are not located within Hindmarsh Shire meaning they do not meet eligibility requirements for funding even though the programs are very worthwhile.

They have stated in their application they are attending Nhill College in June and plan on attending Dimboola Memorial Secondary College, and therefore do not appear to require financial assistance to pursue these workshops.

Event Sponsorship

Event sponsorships offer grants of up to **\$500** to assist with an event within Hindmarsh Shire which demonstrates social and economic benefit. For events with a regional impact, Council may allocate an increased sponsorship amount.

There was one **(1)** application with a total funding request of \$500.

Applicants:

- 1. Wimmera Band Group** is a collective group of bands from across North-West Victoria. Each year the Wimmera Band Group runs an event called "Band Sunday" where all bands gather to perform a public concert and to promote themselves in the hope of inspiring people to get into music and recruit new members.

The 2023 'Band Sunday' performance will be hosted by the Nhill Dimboola Band and is scheduled to be held at the Dimboola Memorial Secondary College Assembly Hall.

It is the responsibility of the host band (Nhill-Dimboola Band) to organise and run the 'Band Sunday' concert.

The Wimmera Band Group has submitted the grant application on behalf of the Nhill-Dimboola Band and seeks funding of \$500 as sponsorship to plan and organise the

‘Band Sunday’ event which is expected to attract 200 people.

The total cost is estimated at \$1,950 and will cover hall hire, afternoon tea, printing of music sheets and programs, advertising and other promotional costs.

Wimmera Band Group plan to contribute \$600 while the host band (Nhill-Dimboola Band) will contribute \$850.

The recommendation is to grant \$500 sponsorship towards the ‘Band Sunday’.

Small Equipment

Small Equipment grants provide funding assistance of up to **\$1,000** towards the purchase of small equipment items.

There were no applications for this category for Community Action Grant Round Two.

**9.3 HINDMARSH SHIRE COUNCIL BUSINESS ASSISTANCE GRANTS PROGRAM
 2022/2023 ROUND 2**

Responsible Officer: Director Corporate and Community Services

Attachment Number: 6

Introduction:

This report seeks approval from Council to provide funding through Round 2 of the Business Assistance Grants 2022/2023 program to eligible businesses as outlined in the following report.

Discussion:

The Business Assistance Grants program (BAGs) was established in July 2016 to support local business to expand their operations or for new businesses, large and small, to establish themselves in the shire. It provides assistance to offset costs associated with expanding or establishing a business in Hindmarsh Shire.

This program addresses the ongoing need to attract new business and support existing business in our towns, as more and more small businesses close their doors.

Council has allocated \$30,000 towards the 2022/23 Business Assistance Grants program in the 2022/2023 Annual Budget.

- The need to remove, destroy or lop vegetation to create a defensible space to reduce the risk of bushfire to life and property.

- Any applicable statement of significance (whether or not specified in the schedule to this overlay), heritage study and any applicable conservation policy.
- Whether the proposed subdivision will adversely affect the significance of the heritage place.
- Whether the proposed subdivision may result in development which will adversely affect the significance, character or appearance of the heritage place.

Schedule 4 of the HO

The site is within the HO4 for the Dimboola Anglican Church.

Planning Response:

The proposed subdivision will not adversely affect the significance of the heritage place. Council's Heritage Advisor has confirmed that the subdivision is acceptable in relation to heritage. The existing buildings will be sited within each of the lots and will not adversely affect the significance, character or appearance of the heritage place. The proposal complies with the relevant decision guidelines of the HO4.

Particular Provisions

Clause 52.06 Car Parking

There are no car parking implications as the existing uses of the land are unchanged and the uses rely on existing on-street car parking spaces for any demand. There is no planning permit required under this Clause.

Clause 53.01 Public Open Space Contribution and Subdivision

A person who proposes to subdivide land must make a contribution to the council for public open space in an amount specified in the schedule to this clause (being a percentage of the

land intended to be used for residential, industrial or commercial purposes, or a percentage of the site value of such land, or a combination of both). If no amount is specified, a contribution for public open space may still be required under section 18 of the *Subdivision Act 1988*.

53.01-1 Exemption from public open space requirement specified in the scheme

A subdivision is exempt from a public open space requirement specified in this scheme if:

- *It is one of the following classes of subdivision:*
 - *Class 1: The subdivision of a building used for residential purposes provided each lot contains part of the building. The building must have been constructed or used for residential purposes immediately before 30 October 1989 or a planning permit must have been issued for the building to be constructed or used for residential purposes immediately before that date.*
 - *Class 2: The subdivision of a commercial or industrial building provided each lot contains part of the building.*
 - *It is for the purpose of excising land to be transferred to a public authority, council or a Minister for a utility installation.*
 - *It subdivides land into two lots and the council considers it unlikely that each lot will be further subdivided.*

Planning Response:

There is no record of a public open space contribution ever having been paid for this site. The proposed subdivision does not meet the exemptions under Clause 53.01-1. Therefore, a 5% public open space contribution to the value of the land is required in accordance with this Clause, which will be required as a condition.

Clause 56 – Residential Subdivision

The application has been assessed against the requirements of Clause 56 and complies with the relevant objectives and standards of the Clause including the following:

- The subdivision of existing buildings to be located on separate lots will not change the existing neighbourhood character (Standard C6) and is consistent with the relevant provisions of the Municipal Planning Strategy and the Planning Policy Framework.
- The subdivision of the existing buildings will result in lot diversity and comply with Standard C7 (Lot diversity and distribution).
- All three existing buildings on the lots are oriented towards the street frontages to comply with Standard C10 (Street orientation).
- The existing crossovers for vehicle access to Lot 1 from Church Street and to Lot 3 from Lochiel Street are acceptable. There is no existing crossover for vehicle access to Lot 2 as this is currently located on Lot 1 as access to the Church Hall and Church. The absence of a crossover to Lot 2 is acceptable in this instance as the existing access arrangements rely on on-street car parking and there is adequate space within the road reserve for the parking of hearses for funerals as required. If a

crossover is required for vehicle access to Lot 2 in the future, Council's Engineers have confirmed that a works permit will be required.

- The site has access to existing infrastructure including reticulated water, sewer, electricity and telecommunications connections to comply with Standards C22, C24 and C25. Standard conditions under Clause 66.01 are required to ensure the existing infrastructure for the lots is appropriate.

General Provisions

Clause 65 - Decision Guidelines

Because a permit can be granted does not imply that a permit should or will be granted. The Responsible Authority must decide whether the proposal will produce acceptable outcomes in terms of the decision guidelines of this clause.

Clause 65.01 Approval of an application or plan

Before deciding on an application or approval of a plan, the Responsible Authority must consider, relevant matters, as appropriate.

Clause 65.02 Approval of an application to subdivide land

Before deciding on an application or approval of a plan, the Responsible Authority must consider, relevant matters, as appropriate.

Planning Response:

The proposed subdivision will enable each lot to be sold separately in the future if the Church is no longer used on this site. The area and dimensions of the three lots will allow for spacing around the existing buildings and will respect the prevailing subdivision pattern of the area. The lots are connected to the required services and standard conditions are required. The proposal complies with the relevant decision guidelines of this Clause.

Strategic, Statutory and Procedural Requirements:

The proposal is consistent with the Municipal Planning Strategy and Planning Policy Framework, the General Residential Zone, the Environmental Significance Overlay Schedule 6, the Heritage Overlay Schedule 4, Clause 56 and Clause 65 of the Hindmarsh Planning Scheme.

The Manager of Development advises that all obligations of Council (strategic, statutory and procedural) have been addressed and discharged in this planning application.
